TIMELAPSE PHOTOGRAPHY

The JMP timelapse system is automated and designed to run over extended periods of time. As images are captured they are stored locally on the on-board hard drive and uploaded to a web page. The web page will show photos as they are shot as well as daily timelapse videos and a timelapse video of the project to date.

FEATURES

- 4K video quality.
- Internet connectivity (3G/4G, Ethernet, WIFI).
- Web page showing live images, plus daily and progress timelapse videos.
- Customised timelapse of the final project, including (for example) titles, company logos and music (music licensing fees may apply).
- Remote monitoring and support.
- Waterproof.

PRICING

All pricing is GST exclusive

Timelapse camera hire.	\$90 p/week
Set up and installation.	\$800
4G connection (if required).	\$70 p/month
Video editing.	\$170 p/hour

DEPOSIT AND PAYMENT

The setup fees and 6 months' weekly rental are required up-front (non-refundable). Weekly hire fee and any additional charges are payable at 6 month intervals.

INSTALLATION

Lead time for installation is approximately three weeks from when the deposit is paid. JMP will work with the hirer to determine the best location and mounting solution for the system.

The hirer is responsible for:

- Supplying and maintaining a suitable mounting location with an power connection for the timelapse system (an electrician may be required to make a safe connection) uninterrupted mains.
- Providing safe access to the mounting location (including working at heights considerations).
- Providing internet access.

MAINTENANCE

Ongoing monitoring, support and maintenance is provided by JMP as part of the hire fee.

The timelapse system is reliable, with built-in redundancies. However, in the unlikely event of a malfunction JMP will resolve the issue as soon as possible. You will not be charged for any days the system is inactive.

JMP is not liable for any loss caused by system malfunction, including loss of data.

A call out fee of \$170p/hour plus costs is payable if repairs are required due to an act of god, or the actions of the hirer or a third party.

INSURANCE

Jason Mann Photography Ltd has public liability insurance cover of \$2,000,000.

LICENSING

The client/hirer receives a non-exclusive, in perpetuity, world-wide license too the final timelapse video. This may not be used or passed on to any third party. Forward all licensing inquires to JMP.
